
Venkatadri Express Full ~REPACK~ Movie Hd 1080p Blu Ray

Venkatadri Express: Directed by Merlapaka Gandhi. With Sandeep Kishan, Rakul Preet Singh, Brahmaji, Naginidhu. The simple train journey to Tirupati continues. From station to station, different unusual characters appear on the train (they all basically live in the same village), and in every episode, someone tries to kill the main character. But until this happens - on this journey you can meet those who want to kill the main character, but the main character himself is constantly trying to kill everyone. This is where the real adventure begins! The film is a little dark, a little gray, a little funny, a little sad, a little exciting. 8 of 10
